!!! WARNING !!!

You have installed an unofficial repository configuration. Some parts of it may break compatibility with the base packages of your OS, so you use it at YOUR OWN RISK!

Unstable and/or conflicting repository parts are not enabled by default, you can use the --enablerepo=raven-extras or --enablerepo=raven-testing option to enable them temporarily.

```
[hyunsu@joang yum.repos.d]$ sudo dnf clean all && sudo dnf update --assumeyes
```
